

NATHAN SMITH

CODE • MULTIMEDIA • UI/UX • SYSADMIN • ART DIRECTOR

Introduction

I am passionate about all kinds of tech and media from coding, video editing, desktop publishing, branding, graphic design and audio engineering.

Webby Award winning webmaster, trend-setting graphic designer, ASCAP published producer and DJ, SysAdmin and Art Director for a Top 3% non-profit, and much, much more. With over 20 years of experience, I've become a tech swiss army knife.

Career Objective

After successfully running my own solo freelance firm, FlashVenom, for over twenty years, I am now looking to join a team of professionals in need of an outside-the-box, hard-working creative. My dream job would be any company/field that likes to push the boundaries of the web and create unique user experiences.

Skill Set

SEASONED MASTER OF Full Stack Development, Adobe CS (Photoshop, Illustrator, After Effects, InDesign, etc) Office, Visual Studio, Git, TFS

DEEP KNOWLEDGE IN CSS/Sass, JS, .NETcore & MVC, Angular, Vue.JS, jQuery, SQL, C#, MS Server
PROFICIENT WITH Blender, Final Cut Pro, Unity, Raspian/Maker Projects, and Logic Pro.

SOLID FOUNDATION IN PHP, ASP, MySQL, XML, Python, and many more languages...

Experience

statMedia | Anaheim Hills

1998-2000 *Graphic Designer & Project Manager*
Worked as one of two in-house designers. Responsibilities included assembling and managing freelance design teams, as well as interface design and cutting-edge multimedia production for high-profile companies (Toshiba, Transamerica, Mercury/Lincoln to name a few.)

The MY HERO Project | Laguna Beach

2000-Now *Art & Technical Director*
Responsible for several full CMS redesigns, monthly multimedia and animated features and coordinating all other online and offline media. Work with celebrities for several charity events including an annual International Film Festival. Since starting with this not-for-profit organization I have grown the site from 100,000 (Feb 2000) to well over 2.1 million page views (Feb 2021) each month. In 2004, I was nominated for a Webby award for my "Wheel of Faith" interactive experience, received Webby Best Educational Website in 2006 and received a W3 Silver award in 2009. Current site is on .NET MVC / Angular using open source platform NopCommerce.

Metro Insurance Services | Tustin

2002-Now *Owner, Licensed Broker, SysAdmin*
Tech guru, sysadmin/IT duties as well as designing and implementing several nation-wide marketing campaigns including the website. Trained staff and migrated agency to Applied Epic. Deep understanding of the commercial and personal insurance industry.
